**Frank Warren Brings PostSecret Experience to a Live Audience, Mar. 22**  
*The Interactive and Immersive PostSecret Live! at Carpenter Performing Arts Center*

**LONG BEACH, California** — Frank Warren, founder and creator of the community art project and blog PostSecret, unveils hidden truths and offers the cathartic release of sharing secrets in his live on-stage event *PostSecret Live!* on Thursday, March 22, 2018 at 7 pm, at the Richard and Karen Carpenter Performing Arts Center located on the campus of Cal State Long Beach.

Frank Warren started *PostSecret* as a community art project when he was inspired to invite total strangers to anonymously mail in their secrets on artfully decorated postcards. Sparking a global phenomenon, Warren has received over one million secrets in his mailbox since 2004. Warren curates a weekly selection of these mailings and posts them for the world to see on his blog PostSecret.com, which has become a safe and anonymous space for individuals to share their deep secrets and untold stories. The secrets take many forms covering everything from sexual taboos and criminal activity to confessions of hidden acts of kindness and shocking habits and fears.

PostSecret.com is the winner of seven Webby Awards and is the most visited advertisement-free blog in the world. In addition to the blog, Frank Warren has curated the postcards for five *New York Times* bestselling books and museum exhibits at the Museum of Modern Art and National Postal Museum. Now, Warren brings PostSecret to life on-stage in an immersive multimedia experience. In *PostSecret Live!*, Warren curates the evening like one of his weekly blog posts, using a live audience to reveal the humor, heartbreak, and humanity of our hidden secrets.

Single tickets for Frank Warren's *PostSecret Live!* start at \$35. For tickets and more information, visit [CarpenterArts.org](http://CarpenterArts.org) or call the Carpenter Center Ticket Office at (562) 985-7000. This series is made possible in part by Season Media Partner KPCC 89.3-FM.
